SCIENCE IN SEMINARIES

"The present situation is heavily marked ...by fresh problems and questions brought up by scientific and technological discoveries. It strongly demands a high level of intellectual formation, such as will enable priests to proclaim, in a context like this, the changeless Gospel of Christ and make it credible to the legitimate demands of human reason." - Pastores Dabo Vobis, #51

\$10,000 AWARDS

In response to directives from papal and other official documents of the Church, we are pleased to announce \$5,000-\$10,000 renewable awards to seminaries in 2016 for the development and delivery of the science courses listed below. Full list of winners from the 2015 competition may be found at www.semscience.net.
