

SCIENCE IN SEMINARIES

"The present situation is heavily marked ...by fresh problems and questions brought up by scientific and technological discoveries. It strongly demands a high level of intellectual formation, such as will enable priests to proclaim, in a context like this, the changeless Gospel of Christ and make it credible to the legitimate demands of human reason." - Pastores Dabo Vobis, #51

\$10,000 AWARDS

In response to directives from papal and other official documents of the Church, we are pleased to announce \$10,000 awards to seminaries for the development and delivery of the science courses listed below. The authors of the proposals for these courses will meet, along with their respective rectors/presidents or academic deans, in Tucson, Arizona from Jan 28 - Feb 1, 2016. The Vatican Observatory will be honored at that time.
